as a Composition for the tithes claimable by them as owners of the tithes of said Parish. And I do further certify that having perambulated the said Parish and examined Witnesses as to its extent and value and having by the examination of said Witnesses ascertained that in almost every year of said Averages the Valuators in order to vary themselves quietly through the Parish were in the habit of reducing the Valuations considerably lower than their fair and just Value and having fully satisfied myself that the Average Amount of tithes paid or agreed for or adjudged to be paid during the Seven Years aforesaid have not been an adequate compensation for the tithes of said Parish I have by virtue of the powers given me added the Seventh part to said Averages making in the entire the Sum of Five hundred pounds four shillings & six pence aforesaid And I do further certify that the average price of Wheat & Oats being the Corn principally grown in this County for the period of Seven Years next preceding the first

first day of November 1833, is for Wheat One pound twelve shillings & One penny farthing & for Oats Eleven shillings & Nine pence three farthings per Barrel.—

October 25th 1833.—

Walter O'Reilly
Commissioner.

To the Registrar of the Diocese of Limerick.
