John Bowers Kyle was entitled to Rent charge in lieu of Tithe Composition in said Parish, and the average price of wheat as ascertained in the Dublin Gazette for the seven years preceding, having been proved. Now the said Justices do ascertain from the said Gazette that the average price of wheat for the said period of seven years is One pound nine shillings per Barrell, and the Justices do accordingly order and adjudge that the amount of the said Composition for Tithes in the said Parish of Cloondrohid, and the Rent Charge payable in lieu thereof shall be varied and diminished in proportion to the difference between the said average price of one pound nine shillings per Barrell, for the said period of seven years and the average price of One pound twelve shillings and ten pence as set forth in the said Certificate of Composition and that the assessment of such composition shall be amended accordingly.

David R. Pigot } Chairman of Quarter Sessions for said Riding and Division.

Henry G Buell } Deputy Clerk of the Peace.

Composition for Original Certificate £975.10.6
1/4 off £243.17.6
Annual Rent Charge £731.13.0

£1.12.10 : £1.9.0 :: £731.13.0 : £646.4.6

N.B.

It would appear that the Corn averages had been reduced below £1.9.0 at the Quarter Sessions after Order of July 1868 thereby diminishing the Rent Charge from the amount of Original Certificate increased it above the amount receivable after previous reduction.
