Cork 12 April 1881

J. P. Stokes Esq

Sir

Mr W. S. Weston has given me instructions to proceed to sell his Estates in this County and in order to do so it seems necessary to divide them into lots. The Tithe rent charge of the Parish in which they lie is paid to the Ecclesiastical Commissioners, which expense to the enclosed receipt will show. The Estate consists of several denominations and it will be necessary to have the rentcharge which has hitherto been paid in one sum apportioned on the denominations so that I should know how much each is worth. Send me a short statement of the property, and will feel obliged

by you letting me have the particulars same payable out of receipts on each. If the Commissioners are entitled to any fee on this information I shall forward the amount on learning it.
