Cappagh Parish
Rent Charge liabilities

Dear Sir

When lately in the Co Limerick I made inquiries into the liabilities of the above Parish and beg to annex a schedule showing the amounts now payable by each proprietor according to which (whenever they differ materially from the Rental) I beg to suggest that special applications from this Office should be made forthwith and if not promptly responded to, the several cases should be referred to the Solicitors as after the 1st May the Statute of Limitations will operate against the claim of the Commissioners 6 years being due to 1st Nov 1855. I have obtained the names and addresses of the Agents or Proprietors in every case, except that of the Repr of the late John Browne, in this instance I was only informed that the last Rents were collected by a Mr Robert Curtis but presume the Solicitors can ascertain by a search in the Prerogative Court who are the legal Repr and proceed against them — I was informed that the late Mr Browne received the Rents of all that part of the Townland of Cappagh, the Rents of which are now collected by Mr Curtis, Capt Pearson and Denis O'Dell
