

Parish of Ardmulchan in the Diocese of Meath and County of Meath.

21<sup>st</sup> July 1833.

Brabazon } Plt.

Wullen } R'f'ry

We have called before us and examined upon Oath the Incumbent and the several Occupiers of land in the Parish of Ardmulchan, and have examined other Witnesses who could give us essential information to enable us to ascertain the several quantities of land in the possession of the several Occupiers therein, and the several values of the several classes of land in the said Parish. — To save expense to the Occupiers of land in the Parish, which a General Survey thereof would necessarily involve, we have required from each Occupier the production of that lease, Will or Contract under which he or she occupies his or her holding therein, and all Maps, Surveys, Plans, Estimates or Valuations in the custody, possession or power of such Occupiers, and we have inspected, and minutely examined the same, and have given some in every instance satisfactory evidence, and authentic, whereby we have been enabled to ascertain the gross or full amount of the several and distinct quantities of land in said Parish in the possession of each occupier of land therein. — We have further caused to be surveyed in each holding such parts thereof as are liable to be waste lands by the Statute, and we have caused to be surveyed from the gross quantity in each holding, whereby we have accurately ascertained the clear or net quantity of arable and pasture land in the possession of each Occupier therein. — And we find that the said net quantity of arable and pasture land in said Parish subject to the payment of the composition for Tithes is two thousand and sixty seven acres and seventy seven perches and one half perch, and that the sum to be assessed and applied on the said parish of Ardmulchan is two hundred and seventy five pounds Sterling yearly, the whole of which is payable to the Reverend George Brabazon as the present Rector Incumbent thereof.

We have divided the several lands in said Parish into six distinct Classes. —

- The first Class is to pay three Shillings and one penny thirteen sixteenth pence per acre. 3-1 $\frac{13}{16}$  pence
  - The second Class is to pay three Shillings per acre. 3-0
  - The third Class two Shillings and four pence half penny per acre. 2-7 $\frac{1}{2}$
  - The fourth Class two Shillings and three pence three quarters per acre. 2-3 $\frac{3}{4}$
  - The fifth Class two Shillings and one penny one eighth per acre. 2-1 $\frac{1}{8}$
  - The sixth Class One Shilling and ten pence half penny per acre. 1-10 $\frac{1}{2}$
- as the same is fully set forth in the Subjoined Book or Schedule thereof.

Given under our hands at Meath in said County of Meath this twenty seventh day of May one thousand eight hundred and thirty three.

Wm. S. White Commissioner of the Composition for said Parish
