

years preceding the first day of November 1830 was, one Bushel twelve  
shillings per Barrell and that in consequence thereof the said Commis-  
10 had fixed the amount of the Composition for Tithe in said Parish  
of penceforth at £264 Sterling by the year and that same was due  
and payable to the then Rector of said Parish as in said Certificate  
mentioned.

And it further appearing to us the said Justices that the  
annual Rent charge payable in lieu thereof amounted to the sum  
of £198 Sterling

11 And it further appearing to us the said Justices that by  
said order of the 1st day of January 1855 in pursuance of the application  
of certain persons who were charged with the payment of £3 or upwards  
in respect of the Tithe Rent charge of said Parish the Justices therein  
named ascertained that the average price of Wheat for the seven  
12 years preceding the first day of November 1854 was £1-7-1/2  
per barrell and accordingly the said Justices by the said order reduced  
the said Tithe Composition by a sum of £40-4-0 and ordered  
that said Tithe Composition should be £223-16-0 instead of said  
sum of £264 subject to be reduced pursuant to the 1st and 2nd Victoria  
13 C 109 and that same subject to such reduction should be payable  
as therein mentioned from the 1st day of November 1854.

And it further appearing to us the said Justices that the  
said Robert Wright has supported his said application by evidence  
and we having ascertained by the said Report of said William Raymond  
14 Stipendiary that the average price of good marketable Wheat per barrell  
for the last seven years was £1-12-7 Sterling and that same is a  
larger price than that mentioned either in the said Certificate  
of said Commisseries or in the said Order of the 1st day of January  
1855.

15 I do therefore order adjudge and Decree that the said Tithe  
Rent charge in lieu of Composition for Tithe in said Parish as  
ascertained and certified by the said Commisseries to be £198  
annually, be increased by a sum of £3-12-3 being about the one  
fifty fifth part of the said Tithe Rent charge, and that same  
16 shall now be £201-12-3 Sterling annually, instead of £198 as  
certified by said Commisseries, and instead of £167-17-0 (equal  
to £223-16-0 Tithe Composition) as varied by said order of the 1st  
day of January 1855. Said annual sum of £201-12-3 being the product  
17 being the product of 165 barrells of Wheat, at £1-12-0 per barrell,  
and £268-16-3 being the product of a like number of barrells at  
£1-12-7 per barrell, which said sum of £268-16-3 being reduced  
by one fourth pursuant to 1st and 2nd Vict C 109 makes the said  
18 sum of £201-12-3 - which said last mentioned sum is to  
be paid and payable to the party entitled thereto in the same manner  
and proportions as the said Tithe Composition and Rent charge in  
lieu thereof under said Commisseries Certificate and said order  
of the 1st day of January 1855 respectively, had been heretofore payable,  
19 and that the same shall commence and be payable from the  
1st day of November 1861.

Given under our Hand and Seal at the Quarter  
Sessions held at Carlisle this 5th day of January 1861.

in the year one thousand eight hundred and sixty two
