

Nicholas Mahon James and John O'Sullivan Commissioners appointed for surveying
and making a Composition for Tithes in the Parish of Lissaniffy in the County of
Down pursuant to the acts of 4th & 5th Geo. the 4th for Establishing Compositions
in Ireland for a limited time

Having used the assistance of a Skilful and Competent Surveyor to appraise us the
quantity of the extent and quality of Land in each Town Land or Denom-
ination Parish and Having for a great Number of Days Inspected and Perambulated
the same according to the best of our Judgements found a true estimate and Value
of said Several Town Lands or Denominations by dividing them into Claps and
Classes according to their respective qualities as will now fully appear in our
Plotment

and we find that said Parish Contains

Acres or Moreabouts as liable to pay Tithes

a 2^d per acre per annum amt to £

amt. 7^d per acre per annum amt to

a 3^d per acre per annum amt to

a 4^d per acre per annum amt to

1st Class containing

2^d Class containing

3^d Class containing

4th Class containing

Commissioners further find the first Class of Land to be of the
Value of two pounds two Shillings Sterling good for Steading & Grazing
the second Class of Land of one pound ten Shillings good for Steading & Grazing
the third Class of Land of one pound six Shillings Sterling good for Steading
the fourth Class of the Mountain and Bottom Land fit for Steading young Cattle being
of the Value of fifteen Shillings six pence Sterling
