

most decidedly of opinion  
that the union as here  
before existing that is  
as it was in Mr. Medli-  
cott's time, would be  
the best arrangement by  
far - and thinks that  
the dissolution proposed  
by the Privy Council w<sup>d</sup>  
not be for the interests of  
the church in that lo-  
cality.

His Lordship  
desires me to call your  
attention to the last page

of Mr. Matheson's letter  
enclosed and to report  
that you will draw up  
and let him have a  
new petition, soliciting  
the Privy Council not  
to dissolve the union  
and making the  
alteration in the  
map as suggested.

Yours sincerely  
J. W. Bowles
