Dean's Chapter & Innis.

Dear Sir,

I have just seen the
Dean and have read over Mr Bayes's
opinion to him. He will direct the
Sub-Dean to call a Chapter as soon
as possible to take their directions
as to the further prosecution of this suit.

As you were present when Mr
Bayes discussed this case you can
supply any deficiency the opinion
may have omitted. I enclose a
copy of the opinion.

Yours truly
A. P. Leake, By
