

or was not likely to get the facts
of it he modestly offered to me
to advance him not only £8
but also to give him Authority
to proceed with the Motion & guarantee
the payment of the costs both of which
he declined but offered to pay
towards the expenses of preparing
the Affidavit that it might be
filed & the Motion come on in
due course this he declines & Mr
Bowe tells me he is unable to
induce him to give up the Affidavit
on the terms I proposed of paying

any sum he was legally entitled
to, Under those Circumstances
I think the Dean & Chapt ought
to oblige their Officer to change
his Solicitor because he is
acting in direct Opposition to
their best Interests & cannot
be amicably disposed towards
them, your early attention
to this Matter will oblige
yours faithfully
