My Dear Sir

As I understand that a Chapter
is to be held in the evening next I am desirous
(in the interests of the Dean & Chapter) to trouble
you to make a proposition as to the mode of collecting
the amount of that charge due the Dean &
Chapter & as I find that owing to the number
of letters of application (from other parishes)
& letters from the several parishes) and amount
to a considerable sum & as I have no objection that
such should be the case, I am willing to accept of
2/3 in the form of a bill drawn on the Dean &
Chapter
