

Wiltshire Tithe average

In 1824 amt pay<sup>a</sup> £230:15:8<sup>1</sup>/<sub>2</sub>  
1825 amt pay<sup>a</sup> 248:17:7  
1826 amt pay<sup>a</sup> 221:17:7<sup>1</sup>/<sub>2</sub>  
1827: amt pay<sup>a</sup> 238:11:10  
1828 amt pay<sup>a</sup> 238:2:11  
1829. amt pay<sup>a</sup> 234:0:9  
1830 amt pay<sup>a</sup> 230:4:2  
Divided by 7 | 1542:13:7  
£234:13:4<sup>1</sup>/<sub>2</sub>

The above is as accurate as  
I can make out of the  
Tithe pay<sup>a</sup> from my Parish du-  
ring the seven years ending 1830;  
and £234:13:4<sup>1</sup>/<sub>2</sub> is the average  
sum which I believe will be  
found to be moderate.

Geo. D. Mansfield  
Rector of Wiltshire  
22 June 1833
