

We the Commissioners appointed under
the Act of Parliament made in the
4th year of the King "for the establish-
ing of Composition for Tithes in Ireland"
do set in the parish of Kilbanelia
in the County of Wicklow & Diocess
of Leighlin do certify that the
following Assesment and Applotment
of Two Hundred and Ten pounds
being the Amount of the Commu-
tation of the Tithes of said Parish
according to our former Certificate
has been made to the best of our
Judgment equally in proportion
and according to the Annual
value of the several Lands in
said Parish, and was lodged with
the Incumbent the Rev^d Mr. Scott on
the 8th day of October 1825 /^{per}

of the Commissioners ^{per} ^{per}
J. W. Greene Com^{rs} for said Parish

Judging by the rents at which
some of the mountain farms
have been let since this Applotment
was made, I am inclined to
think their relative value
has been made too high
