My dear Sir

Dublin
Jan 21. 1824

I have reason to apprehend that my Secretary
(through mistake) has omitted to signify to you my
consent to your appointment of a Commissioner for
the composition of Tithes in your Parish. Let this
should be the case, I write this to say that I
that the Gentleman whom you have named for that
office John Hamilton Esq. of the County Meath, is
fit to be appointed & hereby signify my assent.

I am my dear Sir yours

(signed) faithfully W. Dublin

Further proceedings relative to composition
of Tithes in the Parish of Maynooth

At a vestry duly held in order to explain the
reasons why the Composition for Tithes agreed on
agreed on last December should not be acted upon
— It was stated that the requisite forms under
the Act not having been yet complied with, the
Incumbent is under the necessity of ascertaining
his Tithes according to the Laws already in
force.

The Parishioners however being desirous to
pay tithes according to the spirit of the agreement
for composition & the Incumbent being also desirous
out to accommodate them as far as is consistent
with his rights, have appointed as a committee
the following Parishioners to carry this object
into effect.
